

JACOB MAYFIELD

MUSICAL MIND READING

MAYFIELDMAGIC.COM

Jacob Mayfield is a leading Mind Reader from Chicago. Mayfield specializes in a kind of magic called mentalism or mind reading. There will be no rabbits or top hats in his performances. Instead, get ready for telepathy, ESP, and psychic phenomena. Mayfield holds a degree in music and has combined his two passions within his show. In his signature routine, not only does he divine the songs you're thinking, he plays and sings them at the piano while blindfolded.

Mayfield's innovative magic has won him multiple talent awards and placed him in top rankings in international magic competitions. "He [has] the energy and stage presence of someone who takes performing in stride. He has what it takes to win." -Joan Caesar (While serving as President of the International Brotherhood of Magicians)
